Guest Speaker	Patti Pate Executive Director of the Student Success Center
Patti discussed the SSC having a social media presence, and that communication is a key component. They are working on strategic planning that includes a yes mentality and creates a feeling that staff cares. They are addressing challenges and working towards creating relationships with students. Retention is affected by all parts of campus and is an important piece to maintaining enrollment. The SSC advises all freshman, pre-programs and undeclared students. It also provides mentoring programs such as PASS and GOLD for students at risk of losing their scholarships or on probation. The SSC advisors teach the UNIV 1001 courses and they now include a seminar series with different campus units. The SSC also provides transfer specialists, emerging scholars program, tutoring and utilizes TALON to help with retention and at-risk students. If staff have any ideas for the SSC please reach out to Patti.
